

The Crew 2 Gold Edition Full Unlocked Key Generator is a software that can create a full version of the game for free. This consists in being able to play through the story mode for a full in-game year and having access to all of the content in this mode. The key generator will only generate one key, but you can use this code across any platform (PC/Mac/Linux) that supports The Crew 2. The code will be unique to each player and cannot be shared with others. Access to the Gold Crew Year is granted by a voucher code. The code has an expiration date and is only redeemable once, but afterwards it can be used for updates or redownload of the Gold Crew Year. To get this code you need to either purchase the game from a retailer or from The Crew website, or purchase a Season Pass voucher from Uplay shop. There are two parts of codes available: the voucher code, which you need in order to get in-game content in any platform, and a platform-specific key, which can be redeemed only in a specific platform (PC/Mac/Linux).
