iki With massive increase in the number of downloads, I am looking for some serious review. Most of the books I have written were published in the not-so-good/not-so-popular journals or published in the middle of the tunnel. To me, this is the limit of my world. Here I come to you. A list of several journals/series that I have published my papers to, if anyone is interested. This list was updated back in 2012. I hope someone will be interested and give my papers a good review. See also the web page of my university. You can access the journal issue list (in pdf format) from the given link: Now, I am not looking for more reviews, but just to see the list of all the journal/series that I have published in. I hope this list can be used as a guide for future publications. However, if someone is interested, can please send me a message on my Myspace page? You are very much welcome to join the Myspace group with the name "Melayu-malaysia". Your profile is most welcome, and I look forward to hearing from you. And if you are interested, please send me an email. I will keep you updated on this website. Note: I do not own this website, I have just copied the contents from one website. Larvicidal activity of Gossypium arboreum extract against third instar of Anopheles stephensi. Malaria is one of the major causes of mortality and morbidity, especially in the tropics. It has been estimated that over a hundred million people are infected with malaria and more than 500,000 die every year. Anopheles stephensi is one of the major malaria vector in most part of Pakistan. To examine the larvicidal activity of the fruit of Gossypium arboreum against the third instar of An. stephensi. The larvicidal activity of G. arboreum fruit extract was carried out using the standard dipping method. The mean mortality after 24 hr was found to be 75-100% in G. arboreum fruit extract. The LC50 value of the extract was 0.82 ppm. Gossypium arboreum f3e1b3768c
